

New Marston Primary Reading Spines

"Early reading, whether it is in a parent's lap, on the carpet of a classroom, or in a snug reading corner, gently but indelibly imprints upon us the mould from which will cast a lifetime of communication in the world. "

Alex Quigley - *Closing the Reading Gap 2020*.

This spine is designed to do two things: one, let you know what books each year group will read as part of their English lessons; the second is to share some of the recommended reads that experts have made (The Book Trust, The National Literacy Trust, educational researchers - such as Pie Corbett or Doug Lemov - and recognised award nominees like the Carnegie Award). It is important to stress that the recommended books for each phase (EYFS, KS1, LKS2 and UKS2) are ideas to help guide the children towards age-appropriate books. As an aside, there is conscious thought given to the children and their lives. These books have been selected to reflect the cultural capital of the children as well as who they are. We hope that children will recognise themselves in the books that they read.

In the recommended reads and the class books, there is at least one picture book included in each year group. As your child becomes a more competent reader, their decoding and fluency skills improve. In KS2, picture books can be judged as often carrying complex themes which help develop children's inference and prediction skills. They are invaluable for discussion both within and out of the classroom setting. We have also tried to recommend short chapter books in KS1 and some poetry and non-fiction texts for each phase.

Research has time and again shown a clear link between a child who reads for pleasure and success in life, 'Readers are more engaged politically, and more likely to become involved in their communities.'

- Cherry Gand Vignoles A 2020

We also hope that, as time goes on, there will be a way of having parents recommend books as well. Watch this space for how that may be done.
